- [Spare part sourcing](#) for larger machines like mining shovels & trucks

[Click here please for further details](#)

Purchase your machine safer

[Picture Galery](#)    [MEVAS on Youtube](#)

We are **not trading** with machines or trucks and we don't like to receive equipment offers

With the MEVAS [Network](#) of presently 8 inspectors we cover most European countries.

We have one inspector in Dubai, covering Middle East.

In cooperation with other appraisers we are able to offer inspection services in parts of USA and Canada.

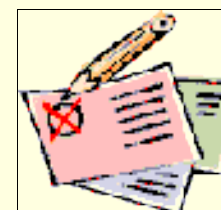

Also equipment inspections in Australia are not a problem.

We do appraisal & examination for Earth Moving Machines from Caterpillar, Komatsu, Volvo, Liebherr, O&K, Orenstein und Koppel, we inspect Bell, Hitachi, Fiat, Bomag, Hamm, Bitelli, Terex, Euclid, Atlas, CAT, Faun, Furukawa and others. We find the fair market value. If you need it for your balance or to know the value of your assets, if you are a bank and need to know depreciation or you are construction company. We work in Germany, UK, France, Great Britain, Switzerland, Austria, Poland, Czech, Slovakia, Norway, Sweden, netherlands, Belgium and some other countries. We have inspectors in Canada and US. If you need it to get machines financed or to liquidate a company, we might be able to help you finding values of construction machines, mobile cranes and agricultural machines. We are raising also Chartered Engineers Certificate CEC for export issues.
